Hi Yaz,

I wanted to include the PADEP's workshare meeting from last week as a salient and I have a sampling at Alan wood Steel / Keystone Coke Site next week for the calendar of events:

**Site Assessment Participates in Semi-Annual Workshare Meeting with Pennsylvania Department of Environmental Protection** – On May 29, 2018, EPA Region 3 Site Assessment Manager (SAM) met with Pennsylvania Department of Environmental Protection (PADEP) Region 1 (Norristown Office) officials to review and update the status of the workshare sites in this region. Changes to the agencies and updates to the sites on the workshare list were discussed. PADEP requested an additional meeting with EPA to discuss the Bishop Tube,     **Ex. 5 Deliberative Process (DP)** more in depth. A meeting with PADEP will be scheduled for these sites to discuss how EPA can assist PADEP with the cleanups. (C. Vallone 4-3306)
